

Facial Menu

Facial	Price	Description
ACNE FACIAL	\$110	Acne facials focus primarily on extractions for blocked pores. The extraction process releases any build-up of oil and cleans out dirt that might be clogging up your pores.
REJUVENATING FACIAL	\$125	Our rejuvenating facial focuses on relaxation, hydration and repair. It includes a light exfoliation to increase cell turnover, a treatment mask that increases the firmness and elasticity of the skin, and a face and scalp massage for total relaxation.
MICRODERMABRASION	\$150	Microdermabrasion is a minimally invasive procedure using suction and a diamond tip wand to remove the buildup of dead skin cells and renew overall skin tone and texture. This deep exfoliation can improve the appearance of wrinkles, fine lines, sun damage, age spots, melasma, acne scarring and other skin-related concerns.
DERMAPLANING	\$150	Dermaplaning is a method of exfoliation that uses a surgical blade to gently scrape off the top layer of dead skin cells and vellus hair (peach fuzz) to reveal radiant, smooth skin and allow for deeper product penetration.
LITE REFRESH PEEL	\$125	This "lunch-time" peel rapidly improves skin radiance and relieves congestion and dullness with no downtime. It is beneficial for rosacea, perioral dermatitis, acne and anyone wanting to improve the overall appearance of their skin. It is suitable for all skin types, including sensitive skin and leaves the skin smoother, more radiant and less congested.
CHEMICAL PEEL	\$155	A chemical peel is a skin-resurfacing procedure in which a chemical solution is applied to the skin to remove the top layers. The skin that grows back after a chemical peel is smoother and younger looking. Chemical peels are used to treat wrinkles, skin discoloration , scars and acne. They are typically used to treat the face but can also be performed on the neck, décolleté and hands.
MICRONEEDLING	\$325	Microneedling minimizes pore size, addresses uneven skin tone, pigmentation, acne scars, fine lines and wrinkles on face and neck and can even reduce the appearance of stretch marks. It is highly effective for all ages, skin types, and skin conditions.
